

Web Booker

Cordic's market leading cPAQ Data Despatch System offers the most complete and fully integrated Web Booking package in the industry. Cordic's Web Booker lets your customers book, pay for and track jobs instantly online from anywhere in the world without tying up any valuable staff.

- Web users can book jobs quickly and easily from home, office or anywhere they have web access
- Simple and easy to follow booking instructions include passenger name, pick up date and time, full UK address search and any special requirements
- Provides automatic quotations for fixed price jobs based on mileage, 'price matrix' or pricing rules you have set up
- Once a job is booked, the web user can track the progress of the vehicle on a map in real time

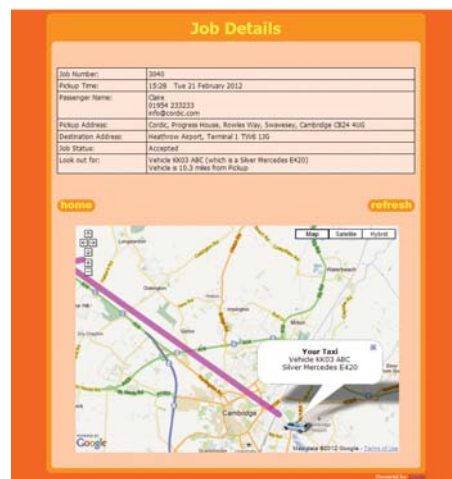

With Cordic's Web Booker, you can offer your customers all the benefits, advantages, convenience and security of booking online.

- Ideally suited for corporate accounts - offering easy access to view all jobs booked
- Self registration offers online payment options by secure card transaction or account payments
- Confirms booking instantly on screen and sends confirmation by email to user

Cordic's Web Booker system is highly configurable, easy to deploy and works automatically and concurrently with your cPAQ in-office booking system with no disruption to ongoing activity.

User receives instant confirmation

User can view job details and track progress of taxi

Web Booker Increases Bookings

Let your customers take control over their bookings and do the work for you. Cordic's automated Web Booker provides your customers a convenient online facility with 24/7 access.

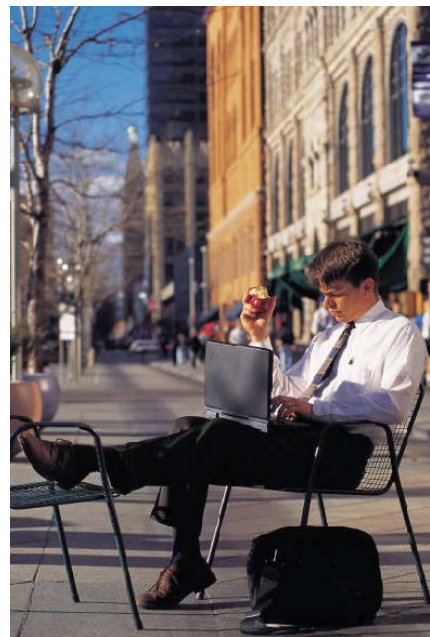

- Bookings are made in real-time by connecting with your cPAQ in-office booking system
- Bookings can be made anytime, even when your office is closed or unmanned
- Customers can only book online once they have registered with your company
- Offers customers peace of mind with secure card transactions

Accepts secure card payments

Cordic's highly configurable and customisable Web Booker offers the most complete online booking system on the market.

- Offers total control over who can use the web booking facility
- Easy step-by-step booking screens
- Full UK address and postcode look-up
- Provides automatic quotations for fixed price jobs based on mileage, 'price matrix' or pricing rules you have set up
- Takes cash, account or credit card jobs
- Accepts secure card payment
- Works with all standard web browsers; e.g. Internet Explorer, Firefox, etc
- Customised with your corporate branding
- Enables you to increase your bookings and revenue potential
